Dan, Eric,

I am following up my voice messages this morning to OEPA with this email.

In order to complete our USEPA analysis of this site we require further data and would like to work directly with the permittee AEC, if you could supply me with your points of contact with AEC, would appreciate it much.

If Eric could call me regarding scheduling of the conference call that OEPA proposed to have with USEPA and the permittee AEC that would be helpful.

thanks  
Janet
